

Air Purifier TUBA (AP-3008-FH)

| | | |
|----------------------|------------------------|-------------|
| Product Name | TUBA | |
| Product Code | AP-3008-FH | |
| Rated Voltage | 220V-240V / 50hz, 60Hz | |
| Power Consumption | 106W | |
| Coverage Area | 93m ² | |
| Product Size (WxDxH) | 600mm x 420mm x 956mm | |
| Net Weight | 25kg | |
| Price | Outright | RM 4,240.00 |
| | Rental | RM 142.00 |

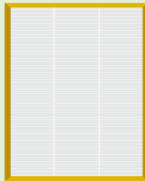

FILTRATION SYSTEM

PRE FILTER

- Filters large particles like hair, fur, sand
- Washable

NON WOVEN FILTER

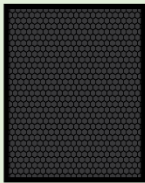

- Removes fine dust, mold, germs and mildews
- 4 months

- Removes bad odour and harmful gases
- 12 months

HEPA

- Removes cigarette smoke, viruses, germs & fine dust
- 12 months

WHAT MAKES TUBA SO SPECIAL?

Dual Smart Sensors

- **Dust Sensor** to detect indoor air pollution level based on the dust particles floating in the air.
- **Odour Sensor** air quality level based on the gases produced by odours.

Intelligent & Automated

- **Auto Mode:** Automatically adjusts airflow speed based on air quality level.
- **Smart A3 Saving Mode :** Even during Sleep Mode, it intelligently detects dust particles, performs filtration and automatically shuts down again.

Luxurious Design

- Contemporary Aesthetic & Sleek curve.

FEATURES & FUNCTIONS

Large Coverage Area

- Covers up to 93m².

Air Quality Indicator

- Coloured LED for easy identification of pollution. Blue (Clean), Purple (Low), Pink (Medium) and Red (High).

4 level of Fan Speed & Turbo Speed

- Multiple choice of fan speed for faster and more effective purification.

Swing Mode

- Forward and backward motions circulate the air much better.
